

INDEX OF LANGUAGES

- Breton** 175
verb phrases 198
- Chamorro**
proper government of subjects in 208–11
- Chimwi:** *ni* 364
- Chinese** 317–40
empty subjects as PRO 325–39
lacks AGR 325
lacks pro 325
reflexives 319–21
tense not marked in 319
- Dyirbal**
coordination 133
- English**
clitics 402–6, 451
- Eskimo (Inuttut)** 1–17
ergativity of 1–2
grammatical system of 1–11
passive and antipassive 13–16
verb-formation in 1–17
see also Greenlandic Eskimo (West)
- Faroese** 462
- German** 31, 462
passives 464
in LFG 496–501
- Greenlandic Eskimo (West)** 442–3, 446–7
auxiliary compounding 435–6
modals 453–4
morphology 415–8
noun incorporation 418–29, 433
syntax 411–15
word order 413–4
see also Eskimo (Inuttut)
- Hausa**
coordination 133
- Hungarian**
configurational 380
focus 379–86, 390–97
- Icelandic** 461–701
case 464–6
inversion 470–1, 476, 481
middles 463
passives, LFG analysis of 483–96
raising 468–9, 475
reflexives 469–70, 475, 481
topicalization 465–9, 470–2, 476, 482
- Inuttut**
see Eskimo
- Irish** 178
embedded word order 206–7
verb phrases 198
- Italian**
proper government of subjects in 209–210
- Japanese**
anaphors 321
nominalization 441–2
topicalization 392
- Kikuyu**
passives 463
- Kinyarwanda**
passives problematic in 463
- Kirundi**
future tense 439–41
- Korean**
anaphors 321
- Kwakwaka** 405
clitics 444–5
- Latin**
clitics 443–4
- Makua**
topicalization 392
- Malayalam**
anaphors 321
- Palauan** 59–94
dependencies apparently unconstrained 59
no Wh-movement in syntax 59
pro 60

- pro-drop language 60-5
- relative clauses 69-70
- Wh-questions 66-8
- Quechua 403
- Sorbian 436-9
- Southern Tiwa
 - see Tiwa
- Spanish
 - inversion 198-9
- Tiwa
 - incorporation
 - conjunct 447-8
 - noun 430-5
- Tzotzil 265
- Welsh 31, 173-216
 - aspectual markers 179-98
 - clefting 177
 - constituent structure 174-6, 203-6
 - derived nominals 184
 - verb phrase and sentential complements 188-98
 - word order in embedded sentences 205-6
- West Greenlandic
 - see Greenlandic

INDEX OF NAMES

- Ackerman 391
 Allen, Gardiner, and Frantz 430-3
 Anderson, Stephen R. 175, 403, 405
 Andrews 476, 491
 Aoun, Hornstein, and Sportiche 240
 Armstrong, Gleitman, and Gleitman 287
 Aronoff and Sridhar 401
 Awbery 173, 177, 179, 206
- Bach 454
 Baker 240
 Belletti and Rizzi 25
 den Besten 461
 Bever, Carroll, and Hurtig 152
 Borsley 121, 390
 Bresnan 5, 11, 240, 351, 368, 462, 483
 Burzio 346
- Carlson, G. 140
 Chomsky 117-8, 120
 Concepts and Consequences 60, 63,
 227, 231, 240, 325
 Lectures on Government and Binding 33,
 55, 62, 63, 231, 240, 312, 317-9, 331,
 334, 380, 461-2, 491
 Chung 175, 208-11
 Comrie 1
 Cooper, R. 140
- Dixon 1
 Dowty 367, 461
 Dryer 463
- Emonds 173, 199, 240
 Engdahl 148
- Fiengo and Kim 321
 Fodor, J. A. 287
 Fodor and Fodor 354
 Fortescue 415
 Friedin and Babby 461
- Gary and Keenan 463
 Gazdar 140
 Gazdar, Klein, Pullum, and Sag (1982)
 123, 135, 147-8, 151
- Gazdar, Klein, Pullum, and Sag (1985)
 120, 141, 388-90, 407, 423
 Gazdar and Pullum 3, 123, 128, 388-390,
 407
 Gazdar and Sag 461
 George 134
 Goldsmith 401, 439-41
 Goodall 134
 Greenberg 173
 Grimshaw 10, 11, 12, 238, 462
 Grimshaw and Mester 453
 Gunji 321
- Hankamer and Sag 160
 Harlow 173, 186, 192, 211
 Heim 236, 251-4, 258
 Higginbotham 228, 250, 307, 312
 Hoeksema 456
 Holmberg 500
 Horvath 379-83, 386-88, 396
 Huang 208, 211, 238, 240, 319-26, 334-5
 Hudson, R. 156-8
- Jackendoff 311
 Jaeggli 33
 Jespersen 21, 44
 Jones and Thomas 173, 188
 Josephs 67
- Kamp 251, 255, 258
 Kayne 208, 211, 461
 Keenan and Faltz 140
 Kiparsky 403, 454
 Kiss 380
 Klavans 456
 Kleinschmidt 449
 Koopman 31-2, 174, 199, 213
- Labov 56, 265
 Lakoff and Peters 227
 Lapointe 405
 Lasnik and Saito 232
 Levin, B. 1
 Lewis, D. 253
 Lieber 27, 347, 461
 Lightfoot 24, 47-8, 52-4, 501

- Maling 467-9
Manzini 331-7
May 228, 250
McCarthy 400-1
McCloskey 173-5, 178, 207, 211
McCloskey and Hale 192, 60
McLaughlin 265
Mohanani 320-1, 454
Montague 250
- Partee and Rooth 140
Perlmutter 10, 346
Perlmutter and Postal 462
Pesetsky 135, 148-9, 228
Plank 1
Pollard 121
Postal 4
Pranka 454
- Quine 222
- Rischel 418
Rizzi 33
Roeper 298, 300
Rognvaldsson 488
Rooth and Partee 140, 218, 250-4, 261-2
Ross 119, 149, 386
- Sadock 4, 5, 7, 10, 15
- Safir 31
Sag 147
Sag, Gazdar, Wasow, and Weisdler 235
Sapir 430
Schachter 148
Schmerling 151, 454
Selkirk 27, 364, 407
Smith, L. 1-2, 7, 9, 11, 12
Steele et al. 24, 54-5
Stowell 213, 232, 345
- Thrainsson 467-9, 477
Torrego 198
Travis 174, 213
- Visser 22-4, 44
- Wackernagel 456
Warner 49, 55
Wasow 452, 463, 491
Williams 27, 135, 160, 368, 386, 407, 424
Wittgenstein 279
Woodbury 2, 4, 6, 14
- Yang 320
- Zaenen 463, 467, 471
Zubizarreta 50-1
Zwicky 400, 403, 405, 424, 454

INDEX OF SUBJECTS

- absolute case 1
- accessibility
 - defined 318
- across-the-board phenomena 148-9, 386
 - see also* coordination
- adjectives
 - derived, in Sorbian 436-9
- adverbs
 - Icelandic 495-6
- affixes
 - grammatical relations and 358
 - subcategorization by 27
- agreement
 - Celtic 192
 - INFL and 31-2
 - loss of by English modals 42-6
 - noun incorporation and 435
 - Palauan 60-5
 - Sorbian derived adjectives and 437-9
- ambiguity
 - scope of in disjunction 218-9
- anaphors
 - binding theory for Chinese 321-3
 - see also* antecedent government, binding theory, governing category, PRO, subject orientation
- antecedent government
 - defined 232
 - disjunction and 232-3
- antipassive 4
 - Eskimo 4-5, 13-6
- archicategories
 - adverbial 143
 - coordination and 119
 - importance of 121
- argument positions
 - semantic and syntactic 272-4, 279-83, 293-4
 - see also* arguments, theta criterion, theta theory
- argument structure *see* predicate argument structure
- arguments
 - implicit
 - advantages of positing 314-5
 - control by 300-7
 - limits on control by 308-13
 - unexpressed 354-6
 - see also* argument positions, predicate argument structure, PRO
- aspect markers
 - in COMP 205
 - Welsh 177-98
 - noun phrases and 183-8
 - prepositions and 197-89
- Association Principles (in LFG)
 - for German 499
 - for Icelandic 486
- autolexical representations 405-6
- Autolexical Syntax
 - advantages of 452-6
 - principles of 402-12
 - see also* Control Agreement Principle, Head Feature Convention
- autonomy hypothesis 400
- autosegmental phonology 401
- auxiliary incorporation
 - in Greenlandic 435-6, 449-50
- binding theory
 - for Chinese 321-3
 - in NPs 303-7
 - see also* anaphors, antecedent government, government, pronominal anaphor
- c-command
 - definition 25
- case
 - German passives and 499-501
 - Icelandic
 - passives and 477-80, 484-5, 488-96
 - topicalization and 467
- Case assignment
 - directionality of 199-203
 - in VSO languages 174
 - see also* INFL
- phrase structure derived from 213
- PRO and 335
- causatives 349-50, 356

- clause union
 absent from Eskimo 16-17
 clefting
 Welsh 177-9
 see also focus, topicalization
 clitics 402-6, 416, 442-7, 456
 COMP
 disjunction scope and 240-3, 262
 see also antecedent government, aspect markers, ECP, proper government, scope indicators
 complex symbols
 in GPSG 120
 see also Autolexical Syntax, features
 CONJ (feature) 135-7
 conceptual constituents 272
 configurational
 Hungarian as 380-1
 conjunction
 disjunction contrasted with 259-61
 see also coordination, disjunction, Conjunction Reduction
 Conjunction Reduction 134, 156
 control
 by implicit arguments 299-313
 in NPs 298-302
 see also PRO
 Control Agreement Principle (in Autolexical Syntax) 423-5
 Coordinate Structure Constraint 119
 coordination 117-71
 archicategories and 119
 cross categorial 119
 features in 140-5
 of noun phrases 152-5
 semantics for 140, 151
 transformations unable to capture 134
 see also CONJ, conjunction, Conjunction Reduction, Foot Feature Principle, Head Feature Convention, unification
 coordination schemas 136

 default specifications *see* marking conventions
 definiteness
 focus and, in Hungarian 385-6
 dependencies
 unbounded in GPSG 388-90
 derivational theory of complexity 508
 derived nominals
 Welsh 184
 discourse binding
 of Chinese reflexives 320

 disjunction
 COMP and 262
 conjunction contrasted with 259-61
 embedded questions and 246-9
 negation and 257-9
 scope subject to antecedent government 233
 semantics 249-61
 subjacency and 239
 do 43-7
 ECP 59
 disjunction and 231, 262
 see also empty categories, empty subjects, PRO
 ellipsis
 semantics and 159-64
 empty categories
 Chinese 325-39
 Manzini's inventory 333
 properties of 330-1
 see also antecedent government, ECP, government, PRO, proper government
 empty subjects
 in Chinese are PRO 328
 ergative case systems 1-2
 ergatives
 (unaccusatives) 346-8
 ergativity 342

 family resemblances
 between lexical sub-entries 279, 286-93
 see also conceptual constituents
 features
 category-valued 121
 in coordination 140-5
 semantic interpretation of 140
 see also archicategories, autolexical syntax, CONJ, Foot Feature Principle, Head Feature Convention
 focus
 Hungarian 379-97
 GPSG analysis of 390-96
 Horvath's analysis of untenable 386-8
 pre- and postverbal 381
 verbal modifiers and 381-3
 see also definiteness, topicalization
 Foot Feature Principle (in GPSG) 146-9
 coordination analysis depends on 168
 Functional Uniqueness Principle (in LFG) 12
 functional structure (in LFG) 3

 gapping 156-60

- Generalized Lexical Hypothesis 364
- Generalized Phrase Structure Grammar (GPSG)
 - downgrading movement impossible in 379
 - coordination in 119
 - see also* Autolexical Syntax, features, focus, Foot Feature Principle, Head Feature Convention, immediate dominance, linear precedence
- generative semantics 368
- governing category
 - distinct for pronominals and anaphors 328
 - Manzini's definition of 333
 - see also* anaphors
- government
 - antecedent *see* antecedent government
 - definition 25, 63
 - of verbs 29-35
 - proper *see* proper government
- grammatical relations 341-70
 - see also* Relational Grammar
- Head Feature Convention (in GPSG)
 - 129-33
 - Autolexical Syntax and 423-5
 - coordination and 142, 150-1, 168
 - Hungarian focus and 391, 395
- heads
 - position of 424
- immediate dominance principles 127-8, 389
 - be* and
 - in coordination 141
 - in Hungarian focus 396
- implicit arguments *see* arguments, implicit
- incorporation
 - conjuncts 447-52
- Greenlandic
 - auxiliaries 449-50
 - nouns 418-29, 433
 - objects 420-2, 425
 - nouns 418-39
 - Sorbian nouns in adjectives 436-9
- Tiwa
 - conjuncts 447-8
 - nouns 430-5
- INFL
 - Case assignment directional 199-203
 - English
 - changes in 30-47
 - in VSO languages 174
 - inversion and 30
 - negation and 30
 - movement of *see* verb movement
- infinitives
 - Icelandic 474-6, 482
- inversion
 - Icelandic 470-1, 475, 481
 - proper government of subjects and 209-210
 - see also* NFL, verb movement
- Lexical Functional Grammar (LFG) 351, 453, 462
 - Eskimo, analysis of 2-17
 - passive 2
 - German 496-501
 - Icelandic 483-96
 - see also* Association Principles
- Lexical Hypothesis (Generalized)
 - see* Generalized Lexical Hypothesis
- lexical structure 344
- libel
 - linguistics of 372
- linear precedence (in GPSG) 128, 389
 - Hungarian 394, 396
 - English coordination 137-8
- linguistic science 506
- markedness conventions
 - conceptual semantics 272
 - coordination and in GPSG 124-7
- modal auxiliaries
 - English 21-58
 - were verbs 22
 - expletive subjects and in Middle English 38
 - preterit morphology in Middle English 40
 - raising verbs in Middle English 37
 - root 49-52
 - theta-roles not assigned by 30
 - see also* incorporation, INFL, Case assignment, Case theory
- morphology 27-8
 - in two components 403
 - non-concatenative 400-1
 - modal in Middle English 40
- Move alpha
 - focus and in Hungarian 382-3
 - in LF of disjunctions 228
- negation
 - disjunction and 223, 257-9
 - modals and 30
- Nobel Prize for Linguistics 265-70
- noun incorporation

- Greenlandic 399, 418–429, 435–6
 Sorbian adjectives 436–9
 Tiwa 399, 430–5
see also incorporation
- objects
 direct 10
 Icelandic
 double 477–83
 passives and 475–483
see also incorporation
- parametric change
 English modals 33, 42
 consequences of 47–9
 passive 347–9, 461–71
 case and 461
 Eskimo 5–6, 13–16
 lexical 17; LFG analysis 496–501
 verb formation and 13–16
 German 496–501
 Icelandic 475–83
 impersonal 465
 in RG and LFG 462
 percolation of features
see Foot Feature Principle, Head Feature Convention
- phrase structure
 derived from Case assignment 213
 rules redefined in GPSG 127–8
- polysynthetic languages 1
- predicate argument structure 344–50,
 352–60, 367
see also argument positions, arguments,
 control, implicit arguments
- preference rules
 conceptual semantics 287–290
- prepositional phrases
 Welsh 179–83
- PRO 297–315
 Chinese 317–40
 governed 330–1
 in NP 334–5
see also binding theory, control, empty
 categories, empty subjects
- pro
 Palauan dependencies and 60
see also binding theory, empty categories,
 empty subjects, PRO, resumptive
 pronouns
- pro-drop 33
 in Palauan 60–5
- pro-drop parameter 325
- progressive
 in Welsh 177–98
- pronominal anaphor 317
- pronominals
 binding theory for in Chinese 321–3
- pronouns
 agreement and in Palauan 66
- proper government 63
 in VSO languages 208–212
see also antecedent government, ECP,
 empty categories
- quantifier floating
 model auxiliaries and 48
- questions
 embedded, and disjunction scope 246–9
- raising
 Icelandic 465, 475
- reflexives
 Chinese 319–21
 discourse binding of 320
 Icelandic 469–70, 475, 481
 lexical 364–5
- Relational Grammar (RG) 10, 346, 486
- relative clauses
 Palauan 69–70
- resumptive pronouns
 Palauan 66–72
- scope
 of disjunction 217–27
 COMP and 240–3
 embedded questions and 246–9
 subject to antecedent government 232–3
- scope indicators
 ECP affects 262
 null 243–9
 syntax of 227–49
- semantics 352–62
 conceptual, theory of 271–4
 coordination and 140, 151
 disjunction and 249–61
 ellipsis and 159–64
 features and 140
- Sentential Subject Constraint
 ECP and 208
- sentential complements
 verb phrase complements and in Welsh
 188–98
- Stripping 156
- subcategorization
 affixes and 27

- in morphology 419–20, 423–5
- multiple 271–95
- subjects and 214
- subjacency 58
 - disjunction and 239
- SUBJECT
 - defined 318
 - in Chinese 322–3
- subject
 - of NP 297–315
- subject orientation
 - of anaphors 321
- subjects
 - Icelandic 472–7, 481–2, 486
 - topic and 466–9
 - objects and 10
 - proper government of in VSO languages 208–212
- SVO languages
 - D-structure of 200
- tense
 - Chinese 319
- that-trace effect
 - Palauan lacks 62–3
 - ECP and 208
 - see also* ECP, empty categories, resumptive pronouns, unbounded dependencies, variables
- theta criterion
 - conceptual semantics and 285
 - Icelandic passive and 462
- theta theory 28
 - PRO and 335
- topicalization 392
 - Icelandic 465–71, 476, 482
 - see also* focus
- Transparency Principle 55–7
- unaccusatives *see* ergatives
- unbounded dependencies
 - coordination and 145–9
- Palauan 66–70
 - see also* ECP, empty categories, relative clauses, subjacency, Wh-movement
- unification
 - operation on categories – definition of 122
- universals
 - Greenberg's 173
- variables
 - in Hungarian 383
 - in Palauan 59–94
 - see also* empty categories, resumptive pronouns, Wh-movement
- verb formation
 - in Eskimo 1–17
 - complex 6–11
- verb movement 31, 174, 199–203
- verb phrase
 - surface constituent in Welsh 175–98
- verb phrase complements
 - sentential complements and in Welsh 188–98
- verb visibility 29–35
- VSO languages
 - case assignment in 174
 - D-structure of 174, 200
 - directional Case assignment in 199–203
 - embedded sentences 205–8
 - language learning and 213–5
 - nature of 173–5, 198–205, 212–5
 - subject of properly governed 174
 - verb movement and 199–203
- Wh-movement 59
 - Welsh 186–8
- Wh-questions
 - Palauan 66–8
- word order
 - free in Eskimo 2
 - morpheme order and 428–30
